

**REISSUE APPLICATION DECLARATION BY THE INVENTOR**

Docket Number (Optional)

007404-000572

I hereby declare that

Each inventor's residence, mailing address and citizenship are stated below next to their name.

I believe the inventors named below to be the original and first inventor(s) of the subject matter which is described and claimed in patent number 5,997,817 granted December 7, 1999 and for which a reissue patent is sought on the invention entitled

**ELECTROCHEMICAL BIOSENSOR TEST STRIP**

the specification of which

☐ is attached hereto.

☒ was filed on October 24, 2003 as reissue application number 10/693,305

and was amended on October 24, 2003; April 26, 2007; December 21, 2007; September 29, 2008; and April 13, 2008.  
(If applicable)

I have reviewed and understand the contents of the above-identified application, including the claims, as amended by any amendment referred to above.

I acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

☐ I hereby claim foreign priority benefits under 35 U.S.C. 119(a)-(d) or (f), or 365(b). Attached is form PTO/SB/02B (or equivalent) listing the foreign applications.

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below. (Check all boxes that apply.)

☐ by reason of a defective specification or drawing.

☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.

☒ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

The error upon which this broadening reissue application is based is that the patentee failed to appreciate that the features of sample application port identifications, sample sufficiency confirmation, and reduction of dose hesitation could be claimed with other test strip structures in addition to the strip structures originally claimed.

The error upon which this reissue is based is that persons are being incorrectly named in an issued patent as the inventors and that such error arose without any deceptive intention on the part of the applicants.
